Motorcycling NSW STATEMENT

On Thursday 22nd July there was an MNSW Board meeting held. During this meeting, the two retiring Board members decided not to resign. Therefore, they were suspended pending an investigation initiated by a complaint from members of MNSW. On the 27th July, one of those Directors decided to resign.

“It sure has been a rollercoaster for MNSW and its members for the past 18 months, and we, the current board, appreciate your patience which we have no doubt is wearing thin.

We want to assure the clubs, members and volunteers that our goal is to provide them with the ongoing opportunity to continue to ride in the competition they enjoy, and to help it thrive. We will do our utmost to ensure this happens.

We wish to re-engage with our members and pave a way forward, starting with a call for all to attend the upcoming General Meeting. Details for this meeting will be provided soon to allow you to vote on this pathway forward and be active participants in any proposed changes.”

Yours in Motorcycling

MNSW Board of Directors
